MEDIA RELEASE - UPDATE

Warren County Sheriff Announces Arrest Of Murder Suspect

December 28, 2016
11:30 a.m.

Zackary Lee Wilson, age 25, was arrested last night for the offense of Murder. An arrest warrant was issued yesterday by the Franklin Municipal Court at the request of Warren County Sheriff's Office Detectives. Wilson surrendered to detectives and was taken into custody without incident. These charges are a result of the shooting death of Jeremy Thomas Foxx, age 24, that occurred on December 25, 2016 in Franklin Township, Warren County.

This investigation began after officers from the Carlisle Police Department responded to the 100 block of Montgomery Avenue at approximately 9:17 p.m. on December 25, 2016 for a shots fired complaint. Less than one hour later, Warren County Sheriff's Deputies responded to the 5100 block of Montgomery Avenue regarding a male subject lying in the roadway. Deputies located Jeremy Thomas Foxx deceased in the roadway from an apparent gunshot wound. These two incidents appear to be connected.

The Warren County Sheriff's Office would like to cancel our earlier request for assistance locating a black older model Chevrolet truck. This vehicle has been located and is in our possession. Anyone with information about this crime is encouraged to contact the Warren County Sheriff's Office.

A photograph of Zackary Lee Wilson is attached.
