Detectives Investigate Skeletal Remains Found Near Carlisle Home

July 14, 2017
8:00 P.M.

On July 14, 2017, detectives from the Warren County Sheriff's Office assisted the Carlisle Police Department with a report of skeletal remains possibly being located at 104 Eagle Ridge Drive, in the Village of Carlisle.

Members of the Warren County Sheriff's Office Crime Scene Unit assisted the Warren County Coroner's Office in the recovery of the remains. Although the remains have not yet been identified, initial reports have led investigators to believe they are that of a stillborn baby. The remains have been taken to the Miami Valley Regional Crime Laboratory for analysis.

This incident is still under investigation, and anyone with information regarding it is urged to contact the Warren County Sheriff's Office.
